# Graduation

Is sighs and laughter

Mingled liberally

With tears,

Lingering memories

Of one's sharing

Life with classmates

Through the years.

Graduation is conclusion

of work and fun,

A milestone passed, new things begun.

Graduation is excitement,

Speeches, farewells and applause,

Diplomas and a mortar board . . .

The gate to pathways unexplored.

Graduation is an end,

But also a beginning . . .

The start of all the dreams

That every graduate is spinning.

George Webster Douglas

## Ready for Graduation

*I've learned how to handle*
*Parents and teachers,*
*I've learned how to yell my head off*
*in bleachers,*
*I've learned how to rise*
*And be bright-eyed by seven,*
*I've learned an old Chevy can carry*
*eleven,*
*I've learned how "to wear out"*
*A new pair of jeans*
*And other techniques for surviving*
*the "teens,"*
*I've learned how to get*
*And get out of a date —*
*So I guess I'm ready to graduate!*

*Mary Alice Logerg*

# *Dedication*

The 1977 BROOM is dedicated to Dr. William Henry Zeigel. Dr. Zeigel came to Delta State College at its opening in 1925 as the first academic dean and served in this position until his death in 1947. He also served as acting president from May through July, 1926. Dean Zeigel was invited to this position by the late President Jim Broom who saw in him the leadership and vision essential in the beginning of a new college. The challenge of the unique task prompted Dr. Zeigel to leave his native Missouri and share in the beginnings of the newly created college in the heart of the Mississippi Delta.

Dr. Zeigel, endowed with creative genius and logical thinking in organization and development, guided the choice of policies and procedures stemming from the best of the old and unhampered by tradition, strengthened with the best of the new. His broad scholarship in the liberal arts and sciences paralleled by his appreciation of the fine arts were reflected in the composition and quality of the early curricula and product of the college. A master teacher himself, he interwove professional insight in the general college philosophy and added demonstration school experiences to the mastery of subjects to be taught. In particular did he seek adequate preparation for teachers for the elementary schools. For the improvement of college instruction he labored unceasingly for a faculty with virile, aggressive scholarship — great in mind and soul — for adequate library and laboratory facilities, and stimulated curricula development through continuous faculty study.

In both students and staff Dean Zeigel created working harmony and promoted a sense of achievement and well-being that inspired dedicated work and service.

Thus did Dean William H. Zeigel plant deep the roots on which classroom work at Delta State University today continues to grow and thrive.

Gladys Castle
Dr. Zeigel's Secretary

Dean Zeigel and President W. M. Kethley, standing in front of what was then the Roberts Memorial Library, now the Fielding Wright Art Center, being interviewed by reporters from the MISS DELTA Staff.
